Chief Operating Officer and Chief Financial Officer

Report of Independent Registered Public Accounting Firm

We have audited the accompanying statements of net assets available for plan benefits of the Hasbro, Inc. Retirement Savings Plan (the Plan) as of December 31, 2007 and 2006, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for plan benefits for the years ended December 31, 2007 and 2006, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2007 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements

December 31, 2007 and 2006

(1) Description of Plan

The following brief description of the Hasbro, Inc. Retirement Savings Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

(a) General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is available to substantially all domestic employees of Hasbro, Inc. and certain subsidiaries (collectively the Company or Plan Administrator). Participation in the Plan is voluntary and eligibility provisions apply.

(b) Contributions

Eligible employees could contribute up to 50% of their eligible pay, limited to an annual maximum of \$15,500 and \$15,000, respectively, in 2007 and 2006. Contributions may be limited to less than the maximum percentage of eligible pay to enable the Company to meet IRS discrimination regulations. The Company makes a matching contribution, except for Milton Bradley union employees, of 200% of the first 2% of the participants' eligible pay that they contribute per pay period, plus a 50% match of the next 4% of participants' eligible pay that they contribute per pay period up to a maximum matching contribution of 6% of a participant's eligible pay per pay period. For Milton Bradley union employees, from January 1, 2006 to February 4, 2007 the Company made a 30% matching contribution, up to a maximum of 6% of a participant's eligible pay per pay period. For the remainder of 2007, the Company's matching contribution was 35%, up to a maximum of 6% of a participant's eligible pay per pay period.

All eligible employees at least age 50 by the end of the calendar year are permitted to make additional pre-tax deferrals over and above the otherwise applicable limits. These additional deferrals are called "catch-up contributions." The Company does not make a matching contribution. Catch-up contributions may be made up to an additional \$5,000 for 2007 and 2006.

Effective at the end of December 2007, the Company froze pension benefits being accrued for its non-union employees in the United States. These pension benefits will be replaced by additional employer contributions made to this Plan beginning in 2008.

Notes to Financial Statements

December 31, 2007 and 2006

(c) Benefits

All participants currently employed by the Company own, or are vested in, 100% of the total value of their Plan account, including the Company's matching contribution to the Plan. A participant's entire vested account will be paid upon retirement, disability, or termination of employment. The account balance will be paid to a beneficiary upon death of the participant.

Participants in the Plan have the option of receiving their account either in a lump sum or in periodic installments. Participants, except for terminated participants, may also make in-service withdrawals from their Pre-Tax Savings Contribution Account in the event of a demonstrated severe financial hardship as defined by the IRS Safe Harbor rules. Participants who have reached age 59 1/2 may make inservice withdrawals from their vested accounts in the Plan for any reason.

(d) Participant Loans

The maximum loan available to each participant is the lesser of (1) \$50,000 reduced by the highest outstanding loan balance due from the participant during the preceding twelve months, or (2) 50% of the participant's vested account balance, reduced by the current outstanding loan balance due from the participant. The minimum loan amount available to participants is \$500. Each loan shall bear a fixed interest rate on the 1st day of the month (for each month) at prime as published in the Wall Street Journal on the prior day. Repayment of the loan must be made over a period not to exceed five years, unless it is for the purchase of a primary residence, then the loan period cannot exceed ten years.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates. The accompanying financial statements are presented on the accrual basis of accounting. Benefits payable at year end are not accrued for as they are considered to be a component of the net assets available for plan benefits.

Notes to Financial Statements

December 31, 2007 and 2006

(b) Investments

Investments are stated at fair value. Company stock held in the Hasbro Stock Fund is valued at the composite closing price on the New York Stock Exchange. The fair value of other investments is determined daily by Fidelity Management Trust Company (the Trustee) on a per share basis using security prices quoted on national exchanges.

One of the investment options offered by the Plan, the Stable Asset Fund for Employee Benefit Plans, is a common collective trust that is fully invested in contracts deemed to be fully benefit-responsive within the meaning of Financial Accounting Standards Board Staff Position (FSP) AAG INV-1 and Statement of Position 94-4-1, Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Audit Guide and Defined-Contribution Health and Welfare and Pension Plans (the "FSP"). The FSP requires that this investment be reported at fair value. However, contract value is the relevant measure to the Plan because it is the amount that is available for Plan benefits. Accordingly, investments as reflected in the Statements of Net Assets Available for Plan Benefits state the Stable Asset Fund for Employee Benefit Plans at its fair value, with a corresponding adjustment to reflect the investment at contract value.

Participant notes receivable are valued at cost, which approximates fair value.

Security transactions received prior to 4:00 pm Eastern time by the Trustee are recognized on that business day. Transactions received after 4:00 pm Eastern time are valued as of the next business day. Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes both realized and unrealized gains and losses.

(c) Contributions

Contributions from employees are accounted for when deducted from employees' wages. The Company's matching contributions are accrued at the time the employee's contributions are deducted. For years ended December 31, 2007 and 2006, employer and employee contributions for the last pay period of the year were paid to the Plan prior to the Plan's year end.

Notes to Financial Statements

December 31, 2007 and 2006

- (d) Payments of Benefits Benefits are recorded when paid.
- (e) Administrative Expenses The Plan bears all costs and general expenses incurred with regard to investment consulting, audit, legal and communication fees, other professional fees, independent fund managers and the purchase and sale of investments. Other costs of administration are paid for by the Plan Administrator.

3) Investment Information

Participants may elect to have their accounts invested in one or more of the investment funds offered by the Plan. Investment funds offered by the Plan include the following nationally traded mutual funds: the Fidelity Equity Income Fund, the Fidelity Growth Company Fund, the Fidelity Freedom 2000 Fund, the Fidelity Freedom 2010 Fund, the Fidelity Freedom 2020 Fund, the Fidelity Freedom 2020 Fund, the Fidelity Freedom 2040 Fund, the Fidelity Freedom Income Fund, the PIMCO Total Return Fund, the Spartan US Equity Index Fund, the Fidelity Diversified International Fund, the Vanguard Small-Cap Index Fund, and the Vanguard Mid-Cap Index Fund. The Standish Mellon High Yield Bond Fund was replaced by the Dreyfus Premier Limited Term High Yield Fund effective October 31, 2007.

Participants can elect to invest up to 25% of their contributions in the Hasbro Stock Fund which is a unitized stock fund that invests in the stock of Hasbro, Inc. and other short term investments designed to allow participants to buy and sell without the usual trade settlement period for individual stock transactions. Ownership is measured in units of the fund instead of shares of stock. In addition, participants cannot elect to reallocate their investment funds that would result in 25% or more of their account invested in the Hasbro Stock Fund. The fair value of the cash and investments of the Hasbro Stock Fund was \$3,545,519 as of December 31, 2007 and \$2,957,082 as of December 31, 2006.

Participants may also elect to invest their funds in the Stable Asset Fund for Employee Benefit Plans. This fund is managed by Columbia Management Advisors, LLC and invests in fixed income contracts. In the Statements of Net Assets Available for Plan Benefits, the Plan is required to reflect this investment at fair value, with a corresponding adjustment to contract value (see Note 2(b)). The fair value of this fund as of December 31, 2007 and 2006 was \$49,561,320 and \$47,616,514, respectively. The contract value of the fund as of December 31, 2007 and 2006, which is a component of net assets available for plan benefits, totaled \$49,795,159 and \$48,100,903, respectively. This fund yielded approximately 4.82% and 4.59% for 2007 and 2006, respectively.

The following table represents the carrying value of investments, which were 5% or more of the Plan's net assets as of December 31, 2007 and December 31, 2006:

Hasbro	Stock Fund			(196,712)	771,672
				\$ 11,586,244	22,490,999
				========	========

(4) Related Party Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity Management and Research Company, an affiliate of the Trustee, and, therefore, qualify as party-in-interest transactions. Additionally, the Plan holds investments in shares of Hasbro, Inc. common stock. The Plan had 130,802 and 102,040 shares of Hasbro, Inc. common stock valued at \$3,345,915 and \$2,780,590, respectively, as of December 31, 2007 and 2006. These transactions qualify as exempt party-in-interest transactions.

(5) Plan Termination

Upon termination of the Plan and trust, each Participant shall be entitled to receive the vested amount standing to the credit of their account as of the final valuation date. The Trustee shall make payments of such amounts as directed by the Plan Administrator.

Although the Company has not expressed any intent to do so, it reserves the right to terminate the Plan at any time subject to ERISA provisions.

Notes to Financial Statements

December 31, 2007 and 2006

(6) Risks and Uncertainties

The Plan provides for investments in various funds, which invest in equity and debt securities and other investments. Such investments are exposed to risks and uncertainties, such as interest rate risk, credit risk, economic and political risks, regulatory changes, and foreign currency risk. In addition, participants may elect to invest up to 25% of their contributions in the Hasbro Stock Fund. The underlying performance of this fund is dependent upon the performance of the Company and the market's evaluation of such performance. The Plan's exposure to a concentration of credit risk is subject to the Plan's investment funds selected by participants. These risks and uncertainties could impact participants' account balances and the amounts reported in the financial statements.

(7) Federal Income Taxes

The Internal Revenue Service issued a determination letter on January 21, 2003, which stated that the Plan and its underlying trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC), and therefore, are exempt from federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(8) New Accounting Pronouncement

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, "Fair Value Measurements," ("SFAS No. 157") which defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles and expands disclosure requirements about fair value measurements. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007.
